

## Icebreaker Sampo in the port of Stora Enso, Veitsiluoto, Kemi

Instructions for driving to the passenger icebreaker Sampo in the port of Stora Enso Veitsiluoto. Add: Rivinkarintie 69, 94800 Kemi

Sampo check-in before the cruise takes place at the year-round Lumilinna premises (Lumilinnankatu 15).

Sampo is located in Stora Enso port area. **There is no free access to the area**, you always need permission to enter. If you transport customers to Sampo several times during the season, you can apply for the permission for the whole season. The bus drivers and shipping company staff must inform **in advance** the registration information of the vehicle that will be used to move around the port area, the name and the birth date of the driver are also mandatory information.

You can apply for a port access from this link:

Once you have applied for the access, you will get a notification on your mobile phone. If you are granted with the access, you will also get another notification. Once by the gate, drive slowly and the camera will recognize your registration plate and open the gate. Follow Icebreaker Cruise signs and drive to the pier. Park the bus in the beginning of the pier area. Customers will walk to the vessel.

**Notes when moving around the port area:**

- the speed limit is 30 km/h
- emergency lights must be used when driving in the port area.
- Driving is only allowed from the gate to the pier and not elsewhere in the port area.
- The ship's staff wear warning vests when moving in the area.
- The guide leaves the ship's customer list at the gate before the cruise.
